### ***Zolotoukhina-Abolina E.V. F. Nietzsche and M. Scheller: preliminary discussion on life and morality***

The article is devoted to the dispute M. Scheler in his' resentment in the structure of morality, "the ideas of Nietzsche expressed in several of his works. The author shows that the radical differences of opinion on the major philosophers of the phenomenon of life and resentment as a moment of moral behavior, caused by deep ideological contradiction in the light of which almost all the issues discussed, and of course, the question of ascetic ideals are read in the opposite way. For Scheler speaks apex life that sees Nietzsche as its decline.

Keywords: life, morality, the will to power, resentment, Christianity, ascetic ideal, value, soul-subektivirovanie values.
