### ***Plekhova O.A. Peculiarities of corruption in modern Russia***

This article analyzes the current state of corruption. Start building a modern corruption in Russia to treat 1990s. At this time, is unprecedented, so far, the growth of corruption. It merges with the underground economy and organized crime, there is its institutionalization. Weak civil society is unable to withstand the onslaught of this crime, and as a consequence there is a legal nihilism. Government attempts to confront organized crime and corruption do not lead to positive results, and become, rather, only a statement of fact, the existence of these phenomena.

Keywords: corruption, organized crime, shady housekeeper, legal nihilism.
