Sokolov R.A. Necessity to introduce in the Civil Code of Russian Federation new construction of organisation-legal form of legal person – “state social fund”

The article is devoted to the analysis of organizational-legal forms of non-profit organizations with the view of the upcoming changes in the civil legislation of the Russian Federation. In development of the provisions of paragraph 3 of article 50 of the Civil code of the Russian Federation, the author offers the legislator introduction of new design of the organizational-legal forms of legal entities - «the state social fund». Under the «state social fund» proposes the recognition of a non-profit organization that was created by the Russian Federation to exercise state functions in order to ensure realization of the rights of citizens to obligatory social insurance and management of means of the budget of the state social fund of the Russian Federation». The author offers to convert the PFR of the state institutions into a legal person of a special organizational-legal form «state social fund». In addition, a new legal form of legal entities, it is suggested to apply to the social insurance fund of the Russian Federation, Federal fund of obligatory medical insurance and territorial bodies of the Pension fund of the Russian Federation and the social insurance fund of the Russian Federation, established at the level of subjects of the Russian Federation and having the rights of legal entities, territorial funds of compulsory medical insurance.

Keywords: Civil Code, legal personality, pension fund.
