

THEORY AND HISTORY OF CULTURE

(specialty 24.00.01)

Tsibenko S.N. Cultural mix and culture values: from 1990s to modern times

It is considered the definition of "cultural mix" involved in the USSR and involved today in the Russian science. A classification of cultural values in the context of consideration of their broadcast through cultural mix is presented. It is analyzed retrospective changes that occurred with the values and cultural mix in Russia since the 1990s of the last century to the present day.

Key words: culture, values, mankind values, national values, cultural mix, transmission of cultural values.
