

## PHILOSOPHY

***Philip E. Prusov***

*(Don state technical university, Rostov-on-Don, Russian Federation)*

**Prusov P.E. E. Husserl on ethics as a Kunstlehre and the construction of pure ethics on the model of pure logic in a lecture on ethics in 1924.**

The article explores the concept of technical teaching (Kunstlehre) as it is presented in the first section of the lecture on ethics of the summer semester of 1920–1924 by E. Husserl, the relationship between theoretical and practical aspects in philosophy and special scientific disciplines, and Husserl's justification of the need to construct pure ethics as an a priori deontology on the model of pure logic.

**Key words:** E. Husserl in the 20s of the twentieth century, technical teaching (Kunstlehre), technology, pure logic, pure ethics.
