Features of the composition of court appearances by lawyer A.A. Kupriyanov.

The article analyzes the court appearances of a modern successful lawyer A.A. Kupriyanov, identifies and describes the speaker's typical options for the arrangement of the presented material, the factors that determine a particular combination of compositional elements in a defensive speech. The conclusion is made about the determinism of the choice and arrangement of structural elements by the content of speech, dictated, in turn, by the circumstances of the case under consideration and the position of the defense, as well as the orientation of the entire disposition to provide the speaker with the necessary impact on the audience. The purpose of the article is to draw the attention of theorists and practitioners of judicial eloquence to the study of the work of modern effective court speakers, to give defense lawyers examples of such selection and mutual arrangement of structural elements of speech that would contribute to creating the most convincing presentation.

Key words: judicial defense speech, composition of judicial defense speech, introduction, main part, conclusion, microthemes of the main part of the defense speech, A.A. Kupriyanov.
